**SPIRAL** is a polish alternative, post rockish band with a fresh approach to making this kind of music. Their compositions incorporate sounds which we are used to hearing in a wide array of other music genres like **trip hop**, **ambient**, **electronica** or **math metal**. The group has released two studio albums – **URBAN FABLE** (2009) and **CLOUD KINGDOMS** (2014).

Spiral came to life in 2004, however their line-up and sound stabilized at the turn of 2006 and 2007. In 2009 band released its first LP record titled **URBAN FABLE**. Debut album was highly praised by critics and awarded with prestigious title of Polish Album of the Year by Antyradio (the most notable alternative polish radio station). Lead single from the album **IT'S GONE** was at the top of the Antyradio's chart for weeks. It was also released on the 'Audiofilskie Zajawki' compilation, attached to the November issue of the polish **Audio** magazine.

In 2012 Spiral ended its long-term cooperation with drummer and songwriter Filip Śmigiel. Couple months later Kuba Wolanin has joined the group.

Today Spiral is back on the road with its new release **CLOUD KINGDOMS**. The second album of the group had its premiere on April 1, 2014. They have just finished the first part of the tour.

The next concerts are scheduled for autumn.

*"I didn't expect this kind of long-length debut. We love this album! It's like a new polish narcotic."*

(Grzegorz Zembrowski, Radiowa Trójka)

*"Album Urban Fable by the band Spiral currently doesn't leave my CD player due to its atmosphere, lovely voice of Plemnik and perfect compositions. Recently they are my favorite polish band."*

(Piotr Makak Szarłacki, Antyradio)

*"Urban Fable appears extraordinarily intriguing as a milestone in Spiral's career. Compositions like Madhatter's Tea, or massively building up Cathedralworm Part II leave no doubt about skills of the band's members."*

(Robert Filipowski, Teraz Rock)

*„On their debut LP, Spiral served us something, that ascends high above genre pigeonholes and stylistic divisions”*

(Grzegorz Żurek, magazyn gitarzysta.pl)

*„Erudition and abundance of ideas, which would be enough for not one, but several albums, plus astonishing lyrical work (...) world-class masterpiece, no exaggeration."*

(Paweł Tryba, progrock.org.pl)

*„(...) Urszula's vocals have a special soothing quality to them. Atmosphere of the album is absorbing and moving. From the beginning to the very end of this musical journey."*

(Marek Toma, rockarea.eu)

*„Cloud Kingdoms" is something completely fresh on our music scene. We never had a band like this in our country"*
